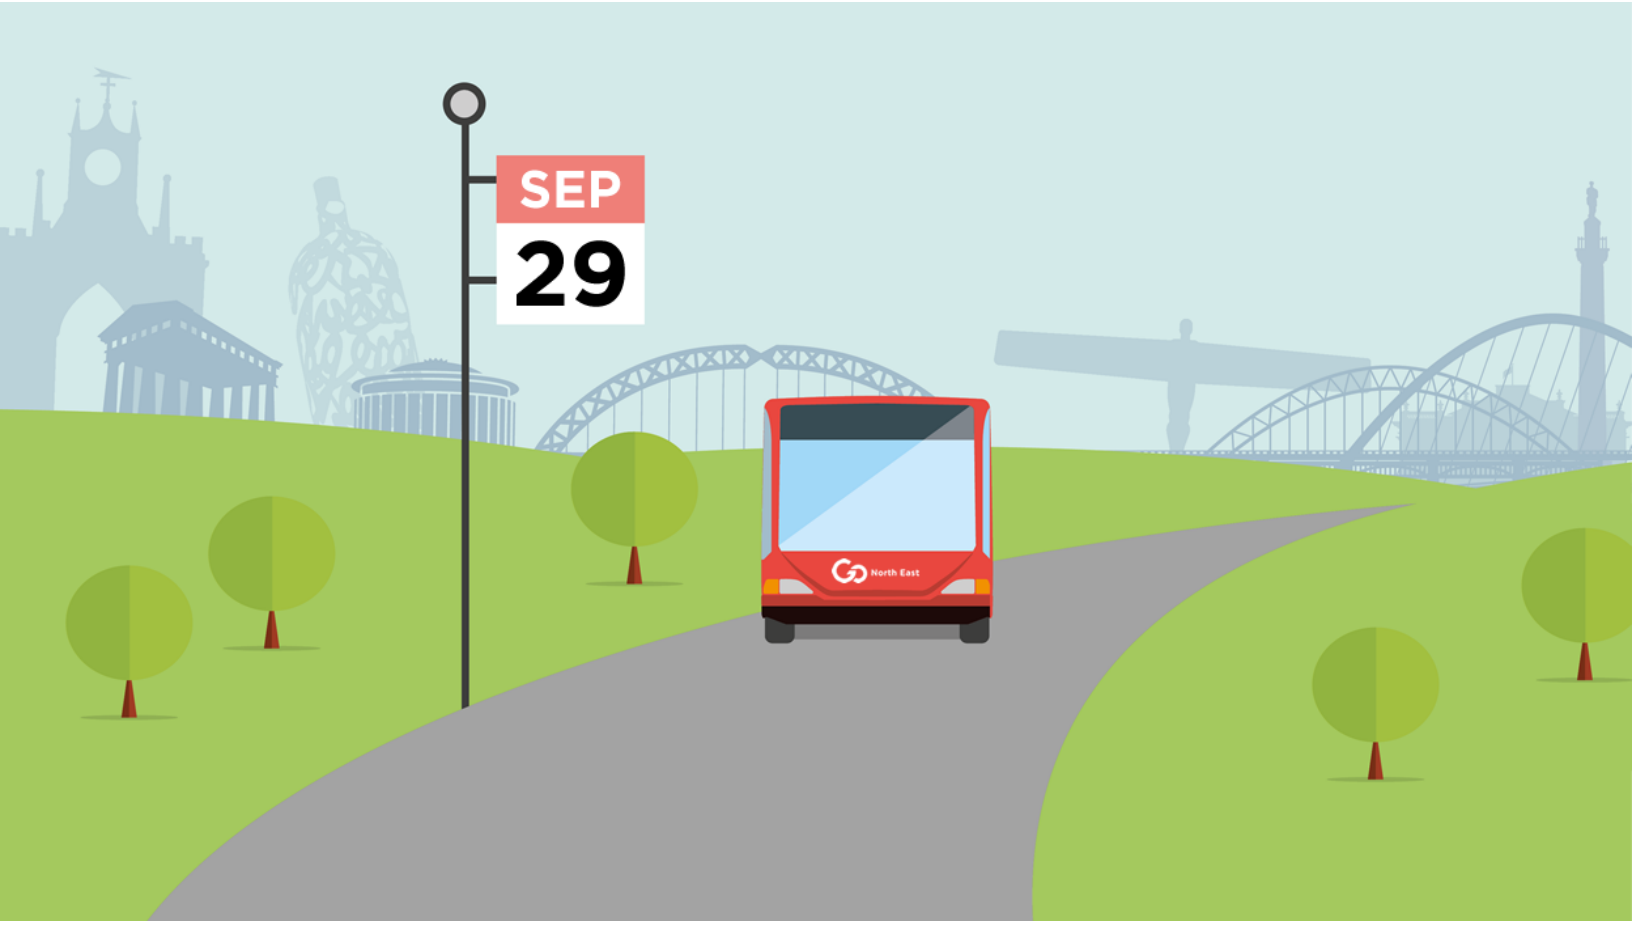
Part of GoAhead



Sep 18, 2019 09:36 BST

Changes to services 6, 6A, 704, Q3, X30 and X31 from 29 September

From Sunday 29 September, we will be making changes to a small number of services.

Services 6, 6A, X30 and X31

Following feedback from customers regarding the times of journeys on an evening, journeys on services 6, 6A, X30 and X31 after approximately 7pm will change times, to provide improved connections with other services and better journeys home for shift workers.

Quaylink Q3

We'll also be making changes to our Quaylink Q3 service to resolve issues at peak times on a morning. Journeys between 7am and 9am from Great Park will be retimed by up to 3 minutes. An extra journey will also be added from Great Park to Regent Centre, to provide more capacity for school pupils travelling to Gosforth.

Service 704

Due to low passenger numbers, service 704 will be withdrawn from the same date. Passengers can alternatively use service 16 to travel between Stanley and South Stanley.
