Mark Ellis, Development Manager for Go North East said “we’re really pleased to be stepping in to run the 554 from the 25 July. We appreciate that the route provides important links to employment sites like the DWP at Longbenton as well as Balliol and Quorum Business Parks from key transport interchanges at Haymarket Bus Station, Regent Centre and Four Lane Ends. With fares of only £1 return from Four Lane Ends to Balliol or Quorum, we’re offering customers a great value price and we look forward to welcoming them on board.”
