Go North East's Santa bus returns for magical tour of the region

Following its success last year, with thousands of people lining the streets to wave at Santa and his helpers, Go North East is bringing back its magical open-top Santa bus to help spread some Christmas cheer.

The region's largest bus company will be running the tour each day from 15 December right up until 23 December.

Just like last year, the Santa bus tour will not stop at any of the locations but will be moving slow enough to get your photos and videos.

Don't forget to share them on social media using #GNESantaBus.

Santa tracker

This year, you will be able to go one step further with Go North East's very own Santa tracker – simply download the [Go North East app](#) and track the bus in real-time moving across the region's villages, towns and cities.

The schedule is subject to change – follow Go North East’s [Facebook](#) and [Twitter](#) pages, and the dedicated [Go North East Santa Bus Facebook page](#) for the latest updates.

Commenting on the tour, Go North East’s commercial director, Stephen King, said: “We’re delighted to be spreading some festive cheer again this year.

“We were blown away by how popular the Santa bus open-top tour was last year, and we can’t wait to get started again, seeing all those smiling faces as we pass through the region’s villages, towns and cities.”
